Matriculation No.: 54811

Topic: Robot Guided Surface Scanning with Ultrasound

Date: 05|06|2021

Tasks Done:

- Reading more about ultrasound calibration.

Questions:

- My laptop crashed due to graphic card error and I lost the data that I had downloaded.
- I request you to resend the files. I will make sure to back up this time.
- Also is there some material to read. As its quite difficult to find papers in the direction.
