

Weekly Report

Name: Nilesh Hampiholi

Matriculation No.: 54811

Topic: Robot Guided Surface Scanning with Ultrasound

Date: 1|08|2021

Tasks Done:

- Achieved linear motion to desired positions.
- Written code to move to desired locations and capture images and store the poses and images
- Still get familiar to the ultrasound commands
- I have attached few papers that I find are interesting to follow please provide me with your opinion.
